DIMÌ OLIVE OIL	THE ORIGINS
----------------	-------------

Our wild olives are grown on our ancient properties, spread in the territory of **Comitini**, **Racalmuto** and **Grotte** in **Agrigento, Sicily**.

Notable Sicilian heritage varieties including **Biancolilla**, **Nocellara del Belice**, **Coratina**, **Cerasoula** and **Frantoio** can be found in our olive grove.

The olives are meticulously selected in early October when they are **high in phenol compounds** and processed into natural, authentic, and priceless extra virgin olive oil.

Utilizing stainless steel containers, the oil is kept at a controlled **temperature** and **environment**.

We take enormous pride in the fact that our region offers the ideal conditions for our olives to grow beautifully.
